Section: Household Information

(INTERVIEWER READ TO R:) You will recall that this is the seventh year of the National Longitudinal Survey of Youth. We are grateful for your cooperation once again this year. Your cooperation and careful answers to the questions I have are important because your answers and those of thousands of other men and women are used by advisors and policy makers in writing laws, spending tax money, and developing and changing many programs that affect young adults. We appreciate your taking the time to complete this interview.
